## U. S. TROOPS WILL MOVE ON BORDER; TROUBLE FEARED

Secretary of War Orders Force to Eagle Pass, Anticipating Battle.

## MEXICAN STATES ARE IN REVOLT

Huerta-Diaz Regime Faces Rebellion in Several of the Provinces, Madero Seeks to Avenge Death of His Relative; Sonora's Governor Flees

United Press Telegram  
WASHINGTON, Feb. 27.—Under orders from Secretary of War William D. Taft, U. S. troops have been ordered to Eagle Pass, Texas, because of a predicted conflict at Piedras Negras between rebel troops under Governor Carranza of Coahuila and Huerta's federal forces.

Brigadier General Blevins in command of the American troops at El Paso, informed the War Department today that a battle at Piedras Negras will probably take place at any time. Two thousand refugees have crossed the border from Mexico during the last few days.

Dispatches received this morning by the War Department from El Paso say that fighting is in progress in the States of Sonora and Coahuila. José Marytorio, who resigned as Governor of Sonora, has fled from the capital. It is said that he has reached American ground. Marytorio was a Madero adherent but it is said that he became panic-stricken when the State Congress declared war on the Huerta-Diaz regime.

In Sonora, Rosillo Madero is at the head of rebel troops. Hundreds of rebels are said to be flocking to his standard and in that State the rebellion is deeply rooted. According to reports Madero does not wish to set up a new government in Mexico City. His one aim is to avenge the death of his father, the ex-President.

Reports from Mexico City are to the effect that Venustiano Carranza, one of the leaders of the rebellion against Huerta, has expressed a willingness to recognize the Huerta government. This report was given out from the national palace, but it is unconfirmed.

Reports received at Mexico City today are to the effect that Amelio Madero, brother of the murdered President, has been shot. It is also said that Rosillo Madero, another of Huerta's brothers, is held a prisoner by Federalists at Chihuahua. While these advices are unconfirmed, they come from Mexican government sources and are believed to be correct.

That the iron hand is to be used in this country is shown by the reports that General Diaz and President Huerta are making plans to send a standing army of 150,000 men.

A bill providing that a loan of 200,000,000 pesos be made will be introduced in the Mexican Congress this afternoon. It is understood that New York City firms have agreed to make the loan as soon as the United States recognizes the present government.

Orders have been issued to the new Mexican Ambassador, Rosales, to obtain recognition from America as soon as possible.

Maderoists today attacked and exterminated the federal garrison at Santa Rosalia according to advices received this morning at El Paso. It is said that the garrison consisted of 50 men, all of whom were killed.

Rebels control the country through which passes the Mexican Central railroad. This information reached El Paso this morning together with the news that Maderoists and farmers who have not taken any hand thus far in the rebellion, are flocking to the Maderoists standard.

Francisco Villa, the former bandit who has been in the service of Huerta, has deserted and joined forces with the Maderoists.

## ALL IN THE STROP

Woodrow Wilson Finds It an Infallible Barometer.

TRENTON, Feb. 27.—It's all in the razor strop. For months since he became a big public figure making his every move widely discussed, Woodrow Wilson has been buffeted by his ability to forecast the weather. The Washington Weather Bureau might go wrong, but the Wilson brand of forecast was always good.

The cynics back of my razor strop is my infallible barometer. Governor Wilson confessed. "I can always tell what the weather is to be by the way the razor feels on the strop in the morning. If storms are coming the strop feels lumpy and sticky. If it is to be clear the razor glides over the strop smoothly."

The men will take their own equipment and will establish camp in the outskirts of Washington. The troop will return home the day after the inauguration.

Four years ago the Black Horse troop of Cincinnati served in a similar capacity for President Taft. For many years it has been the custom of President-elect Wilson to select some military organization in their own State to serve as personal escort during the inauguration ceremonies. When Mr. Wilson reaches Washington Monday at 10 o'clock, the Essex troop will be at the Union station to escort him to the Hotel Sherman, where he will spend the night of March 3 as the guest of his uncle, John Wilson of Franklin, Pa.

The Essex troop was organized 20 years ago by the late James A. Fleming. For several years it was an independent organization and its membership was composed of young men of the first families of Newark and the Orange. Senator Introduces Bill for Benefit of the Anglers.

HARRISBURG, Feb. 27.—Senator Hancock of Montgomery wants the people to have the right to fish on Sunday and he introduced a bill to that effect in the Senate yesterday. It reads as follows:

Whereas the day of rest commonly called Sunday was made for man and not man for Sunday and whereas innocent recreation on the day of rest injures no one but on the contrary conduces to better physical and moral well being and

Whereas to man tired by six days of labor the art of fishing affords an opportunity of rest and relaxation and an acquaintance with nature is desired during the days of toil and

Whereas the span of life is short enough without making it shorter by absurd laws that accomplish no material good but simply tend to arouse resentment in those not limited by selfish creeds and beliefs therefore

Be it enacted etc.—It shall be lawful to fish on the day commonly called Sunday.

## TWO TRAINMEN SLIGHTLY HURT

Gideon H. Bauman Returning Home When Accident Occurs at Keystone Siding, Dies in Ambulance Here on His Way to Cottage State Hospital.

Gideon H. Bauman, the second oldest telegraph operator in the service of the Connelville branch of the Baltimore & Ohio railroad, was fatally injured this morning in a rear-end collision on the main line at Keystone siding. Bauman was brought to Connelville this morning on the Duquesne Limited and died in the ambulance on his way to the hospital. Hemorrhages were the cause of his death.

Conductor W. H. Kennedy and brakeman J. C. Cocol escaped with slight injuries.

The wreck occurred when Engine 237 running at a fast rate of speed collided with extra Engine 1221 standing on a siding at Keystone.

Locomotive 237 with Engineer E. Dunn and Conductor Huddleston in charge were running under orders to the siding to make way for another train expected to pass on the main line. The morning was dark and cloudy and Engineer Dunn failed to see the extra engine standing on the siding in time to stop the momentum of his train which crashed into the caboose of train No. 2224 derailing both the engine and caboose. The injured men were taken to the hospital.

None of the members of the crew of No. 237 was injured nor were any of the cars making up the train derailed. Immediately following the accident word was sent to Division Superintendent French at Connelville and physicians and a wrecking crew were sent out.

Bauman had been in the employ of the company for about 23 years. For twenty years he was employed at Sand Patch tunnel. During last summer from the constant manual labor he says his arm became disabled and he was transferred to the B. & O. branch on the Somerset & Cambria branch about two miles north of Rockwood.

He had been out of the caboose to his home on a freight train and was on his return home this morning when he met his death. The body was removed to the funeral director J. L. Stader's establishment and prepared for burial. It will be shipped to his home at Sand Patch from which place services will be held. The interment will be made at Sand Patch cemetery.

He married Miss Helen Helms who was at the time of her husband's death was visiting at the home of her brother-in-law and sister Mr. and Mrs. F. Engleke on Crawford avenue. Mr. and Mrs. Bauman were preparing to move in a few days from Sand Patch to their new home in Meyersdale. Their home in which they had resided at Sand Patch for about 20 years was condemned by the Baltimore & Ohio railroad.

Mr. Bauman was a member of the Reformed Church at Mt. Lebanon and was widely known throughout Somerset county. In addition to his widow he is survived by his father and the following brothers: Martin, of Stoyestown, a Baltimore & Ohio brakeman; Daniel J. of Stoyestown, the Rev. William Bauman, pastor of the Evangelical Church of Scotland, and Mr. Emma Rush of Reidsville, Somerset county. His father came from Scotland and has meaning to arrange for the funeral.

"Nothing I ate agreed with me, till one day I happened to notice Grape-Nuts in a grocery store, and bought a package out of curiosity to know what it was."

"I liked the food from the very first, eating it with cream and using it by the case and up to date. I soon found that Grape-Nuts food was supplying brain and nerve force as nothing in the drug line ever had done or could do."

"It wasn't long before I was restored to health, comfort and happiness."

"Through the use of Grape-Nuts food my digestion has been restored, my nerves are steady once more, my eyesight is good again, my mental faculties are clear and acute, and I have become so good-natured that my friends are truly astonished at the change. I feel younger and better than I have for 20 years. No amount of money would induce me to surrender what I have gained through the use of Grape-Nuts food." ## Women of Middle Age

From 40 to 50 Woman's Critical Period.

Such warning symptoms as sense of suffocation, hot flashes, severe headaches, melancholia, dread of impending evil, palpitation of the heart, irregularity, constipation and dizziness are promptly treated by intelligent women who are approaching the period of life.

This is the most critical period of woman's life and she who neglects the care of her health at this time invites incurable disease and pain. Why not be guided by the experience of others and take Lydia E. Pinkham's Vegetable Compound? It is an indisputable fact that this grand old remedy has helped thousands of women to pass through this trying period with comfort and safety. Thousands of genuine and honest testimonials support this fact.

From Mrs. HENRY HEAVILIN, Cadiz, Ohio.

Fort Worth, Texas.—"I have taken Lydia E. Pinkham's Vegetable Compound and derived great benefit from its use. It carried me safely through the Change of Life when I was in bad health. I had that all gone feeling most of the time, and headache constantly. I was very nervous and the hot flashes were very bad. I had tried other remedies and doctors, but did not improve until I began taking Lydia E. Pinkham's Vegetable Compound. It has now been sometime since I took the Compound and I have had no return of my old complaints. I always praise your remedies to weak women."—Mrs. HENRY HEAVILIN, R. F. D. No. 5, Cadiz, Ohio.

From Mrs. EDWARD B. HILBERT, Fleetwood, Pa.

Fleetwood, Pa.—"During the Change of Life I was hardly able to be around at all. I always had a headache and I was so dizzy and nervous that I had no rest at night. The flashes of heat were so bad sometimes that I did not know what to do. "One day a friend advised me to take Lydia E. Pinkham's Vegetable Compound and it made me a strong, well woman. I am very thankful that I followed my friend's advice, and I shall recommend it as long as I live. Before I took the Compound I was always sickly and now I have not had medicine from a doctor for years. You may publish my letter."—Mrs. EDWARD B. HILBERT, Fleetwood, Pa.

From Mrs. F. P. MULLENDORE, Munford, Ala.

Munford, Ala.—"I was so weak and nervous while passing through the Change of Life that I could hardly live. My husband had to nail rubber on all the gates for I could not stand to have a gate slam. "I also had backache and a fullness in my stomach. I noticed that Lydia E. Pinkham's Vegetable Compound was advertised for such cases and I sent and got a bottle. It did me so much good that I kept on taking it and found it to be all you claim. I recommend it to all women afflicted as I was."—Mrs. F. P. MULLENDORE, Munford, Ala.

## WAR IN FAYETTE.

Under the able management of Colonel Joe Thompson and the thrilling inspiration of Democratic nation administration, the Conneltsville News has grown bumptious and even belligerent in its treatment of the press of Fayette county. We are given to understand that the election of Woodrow Wilson and the Democratic Congress was due chiefly to the powerful editorial influence of our own and only Democratic contemporary. And, in certain matters affecting its party and its dignity, we all should, like the small children we are, "be seen and not heard."

The rebukes of The News have the merit of being impartial though they seem to be more seriously taken in some quarters than in others. The Uniontown Herald committed the unpardonable sin of advising the Democratic members of the Legislature how to vote, in flagrant disregard of the political mortgage which The News thinks it holds upon these statesmen, and The Herald was severely rebuked for his audacity. The Herald, which has no mean opinion of itself, does not relish rebukes. Instead of tendering apologies, it hurled defiance after the following fashion: "Barstler is a C. H. H. whose form of mental relaxation runs trippingly from analytical geometry down to writing editorials for the Conneltsville News, takes exceptions to The Herald's profane advice to the Democratic members of the Legislature in the matter of measures about to come before them."

The exceptions are somewhat laborious, due to the absence of technical high lights. In The Herald's proposition, the barstler's specialty consisting of twisting a contingent expenditure into a pretzel and making the rule in shell's case look like a well-worn path. Although the Herald's distinguished legal luminary, C. H. Littleton and even Blackstone were mere pawns in the hands of journalism and jurisprudence turn the torrent of its learned lucubrations into type and the stuff is off puff and a little blue smoke is all that can be seen of any doubtful antagonist daring to step on the heels of his editor. For The Herald to usurp the humble privilege of tendering its advice to the people's legislative representatives without asking Higgs's permission—"Odds bodkins" but that would be little short of editorship.

We have long read Barstler Higgs's humiliating editorials in The News on matters political and otherwise, and still the wonder grows how one so small head like that can be known to have just another little piece of advice to hand out this morning—Higgs had better let The Herald alone. The least of this vulgar press politician extends beyond Harrisburg unto Washington. Yesterday The Courier was called to task for congratulating the Republican statesmen upon the fact that they are leading an indifferent ear to the shrill cry of the Democrats in Congress and out for Mexican intervention on the part of a Republican President when the advent of a Democratic President was only a matter of several days.

The News says the Democrats are not for intervention, but it gives no other authority for the statement. The Courier quoted the leading Democratic newspaper of Pennsylvania in support of what it said.

It is no answer to say that The Courier was once a Democratic newspaper. Lots of good people were once Democrats, but they lost no time in getting out of the party when it discarded all the statesmanship that made it great and powerful, and followed slavishly after the tinkling talker of the silver tongue whom they have since worshiped as the Peerless Statesman, in spite of the fact that he has promulgated no dogma that remorseless time has not proven wholly false if not utterly vicious.

The Courier will not insist upon the News letting it alone, but in its mildest manner The Courier will merely remark that it will at all times endeavor to better a bad thing, in the meantime, we must recognize the fact that there and unrelenting journalistic and perhaps political war impends in Fayette county. There is no peace to be had in the ring. Come in, the scrapper is dead!

The Conneltsville High School graduates pupils into the Naval Academy.

The Lake Erie management saw the Interstate Commerce Commission first on the distilled water requirement for passenger trains.

Police men learn that it is not a good idea to keep a gun in a house.

The state will be more efficient than efficient.

The Maryland Public Service Commission seems to think it has a mortgage on the Baltimore & Ohio, when as a matter of fact the mortgage is held outside of the State.

The West Penn is preparing to annex First Aid to its Safety First. It is an excellent team.

Senator Penrose tried to get the salaries of the postal clerks and carriers raised. It is certain that both have more to do now than they did before the advent of the Parcel Post.

Householders are in doubt as to which is worst, measles or filariation.

Since the Bureau of Mines has been lately enlarged in its scope, the plans for its housing should be expanded.

Good merchants and manufacturers know that newspaper advertising is a certain quantity and is far-reaching.

## MERCHANTS WANT YOUR GOOD WILL.

(Copyright, 1913 by J. P. Fallon.)

The reputation of every merchant depends on the good will of his customers. The real merchant sees that everything he advertises is exactly as it is represented to be. In this way he establishes confidence in his store, his goods, and his advertisements, and increases his business steadily and surely.

He knows that no woman will return to his store if she does not get right treatment, whether in the quality of the goods or the service of the store.

And her influence goes further, for she can tell her friends. Read the advertisements in THE COURIER closely and constantly every day. They contain timely announcements of the merchants who have the confidence and good will of the city.

They are ready to serve you with the best of everything at the lowest prices for which it can be sold. You will be sure of absolute satisfaction when you trade with them.

IF THIS IS YOUR BIRTHDAY  
You will travel with benefit to  
your health, but should take care of your  
health, and avoid risks when possible.  
Chance games will not be lucky for  
you.  
Those born today will be energetic  
and persevering and will succeed if  
their early training is wisely adapted  
to their needs. They should learn  
self-reliance, and practice judging the  
results of given causes. Their danger  
will be from the influence of pleasure-  
loving companions.

## "SYRUP OF FIGS" FOR INDIGESTION, BILIOUSNESS AND CONSTIPATION

Better Than Castor Oil, Calomel and Cathartics to Cleanse  
Your Stomach, Liver and 30 Feet of Bowels. Harm-  
less Laxative for Men, Women and Children.

Primitive folks did not need laxa-  
tives. They lived outdoors ate plenty  
of fruit, and all of their food was  
coarse. We modern people are dif-  
ferent. We exercise too little, eat  
little fruit, and our food is too fine—  
too rich.

We simply can't have our test yards  
of bowels clogged up, liver choked  
with sour bile and stomach full of  
four weeks' food and feel well. It  
means that the food and waste re-  
tained in the stomach and thirty feet  
of bowels ferments—decays. This de-  
cay creates poisons, acid and acids,  
and these poisons are sucked into the  
blood through the very ducts intended  
to suck in the nutrient. Then we  
have sick headache, become dull,  
bilious, tongue coated, nervous, meals  
don't digest, and we feel miserable all  
over. So we must make our choice.  
We must live like primitive folks.

## The Last Week

THIS WILL BE POSITIVELY THE  
LAST WEEK OF THIS WONDER-  
FUL OFFER AND FOR THE BAL-  
ANCE OF THIS WEEK ONLY  
I WILL FIT YOUR EYES WITH  
\$5.00 OR \$5.00 STEVENS' S. Q.  
GOLD-FILLED EYE GLASSES  
FOR \$1.00. SATISFACTION GUAR-  
ANTEED OR MONEY REFUND-  
ED. PLEASE REMEMBER, I  
AM DOING THIS TO BUILD UP  
PERMANENT BUSINESS. COME  
EARLY IN THE MORNING AND  
DON'T MISS THIS WEEK AND YOU  
WILL BE SURE TO GET WAITED  
ON.

THIS STEVENS' OFFER is an ad-  
vertising proposition pure and simple  
—your advantage is a superior grade  
of goods at a special low price—my  
profit is making 600 new acquain-  
tances and winning their confidence.  
Stevens' mountings are the best in  
the world—they occupy the same  
position in the optical trade as  
"Bowers Bros." "1847" or "Walsham"  
do in the watch business.

SUCH A STARTLING ANNOUNCE-  
MENT no doubt makes you ask if it  
is absolutely bona fide, and if so, why  
I do it. The whole story is this: I  
have decided to make this unheard-of  
sacrifice of regular \$5.00 and \$5.00  
gold filled glasses at \$1.00 for one  
week to gain the full support and ac-  
tuation of Connelville people and thus  
build up an extensive optical  
business. The lenses are the same I  
use in my regular line, every one fully  
guaranteed, and I use just as much  
care in fitting the eyes. Difficult  
cases a specialty.

Headaches, eye nervousness and  
other troubles far remote from the  
eyes are oftentimes the direct result of  
an eye strain, which, if corrected with  
the proper glasses, would give imme-  
diate relief. It is not necessary for  
the eye to be sore to indicate the need  
of glasses. In many cases the eye  
may be perfectly healthy and glasses  
may be needed for the reasons which  
are only apparent to the physician or  
skilled eye specialist.

During the wonderful offer I will be

making this offer to build up my busi-  
ness, and cannot afford to exaggerate.  
Special prices during offer on specially

guaranteed—and will be replaced at  
any time if they fail to give satisfac-  
tion.

## Come—Farm Where Success is Sure

WHY waste time and wear out your life working an Eastern farm, when land in the Sacramento Valley, California, will produce many times more net profit to the acre, with less work and worry. In Northern California the soil is richer, sun shines more often and irrigation makes you independent of the rain and drought.

Stock and poultry at home in the big produce pens produce more than twice as much as they can be produced on the East. Water green feed grows in abundance. Markets are near, with cheap railroad, river and trolley transportation. Investigate these wonderful farm lands, large acreage is unnecessary.

### "TWENTY'S PLENTY—FORTY'S A FORTUNE"

Read carefully this table of profits and note the production to the acre; you will then understand why the Kuhn farms in the Sacramento Valley are money makers.

## NEW MEMBERS ARE SOUGHT TO BOOST ROLL AT Y. M. C. A.

Each Member Expected to Add One Name to the List.

OPEN HOUSE MARCH 1 TO 15

Secretary Haez Hopes the "Won by One" Campaign Will Bring the Desired Results; Plenty of Room for New Men in All the Classes.

A "Won by One" membership campaign will be inaugurated by the Y. M. C. A. beginning March first. From March first to fifteen "open house" will prevail, the gymnasium and all other privileges being open to all who care to use them for that period. A circular letter from the General Secretary to the members and supporters of the Association, laying upon each the responsibility of securing one member, will be mailed tomorrow.

According to the General Secretary it is necessary that the membership be at least doubled within the month of March to insure the continuance of the work after the present year closes. The Association year ends October first and for the remainder of the present year the membership fees will be: For men, \$4.00; for boys 13 to 17, \$3.00; for boys 12 to 15, \$2.00. These fees include the use of a locker.

The present membership of 120 includes a good many men who make little use of the privileges, but who are members for the sake of the good they can do as such, and while those who should know say the building is being used more than ever before, there is still room for several hundred more members. All the gymnasium classes would be better for added numbers, and the same is true of the educational classes.

The educational work now being done embraces classes in mining, commercial branches, and first aid to the injured, with an aggregate enrollment of 30 men and 20 boys. Gymnasium classes are provided for juniors, intermediates, employed boys, High School students, working men and business men, each class having three sessions a week, but the entire number of men and boys using the gym regularly has not yet quite reached the hundred mark. This does not include the boys who have the free use of the gym on Friday evenings and Saturday mornings, who number about 25 in addition to the members.

As a contribution to the welfare of the community the Association offers all its educational opportunities, excepting the mining class, free of charge to any man or boy who chooses to avail himself of these privileges. In the mining class a charge of a dollar a month is made to cover the expenses of the instructor. In the other branches the instruction is given gratis.

Last night eleven men took advantage of the opportunity to gain a working knowledge of first aid, and a number of others came in after the class had adjourned and signified their intention of being present next Tuesday evening. This class is in session from seven to eight o'clock.

Boy Scout work was launched last

night, when a number of boys who wish to become scouts met to hear from Scoutmaster Haez something of the program to be followed in this work. The scout movement has made great progress the past year, and Scoutmaster Haez stands for things it did not stand for at its first inception, and also refuses to stand for some things which have been done in the name of the Boy Scouts in the past.

Twenty-three of the 27 members of the Campers' Club are working on the ticket sale for the Haw Concert Company entertainment, which will be given under their auspices in the Presbyterian Church on March 13th. This company includes in its membership Mabel Wright-Hunter, who has appeared in Conneltsville as a soloist and impersonator, in popular with those who have heard her, and the boys expect her popularity to help greatly in the ticket sale. The boys acted \$38 on their bank supper, and expect to add to that sum from the proceeds of the concert enough to nearly cover their camp expenses. One boy has already earned more than enough for camp, and several others are well on the way.
